

MEDIA RELEASE

Wooroonook Lake is open to camping this Easter

23 March 2016

Wooroonook Lake on the Borung Highway between Charlton and Donald is open to camping at its northern end this Easter holiday period.

Whilst works at the southern edge of the lake continue in the wake of the cancelled Maitreya Festival, both Council and the Wooroonook Lake Foreshore Committee would welcome any prospective campers to the northern end. Camping near the amenities block adjacent to the Borung Highway is recommended. Amenities including the boat ramp are operational.

Weather forecasts are looking inviting across the weekend in Buloke with clear conditions and temperatures in the low to mid twenties making it ideal to visit not only Wooroonook Lake but any of the fantastic lakes across the region.
